The result raised the hopes of the members of the shooting club and they are more confident than ever, that by taking the remaining games of the series, they are going to win the trophy. ## DEATH FOLLOWED RAILWAY INJURIES

Charles Smith who Received Scalp Wound by Falling from Electric Car at Plainfield Died at Hospital Here.

Wednesday morning at the Backus hospital occurred the death of Charles Smith, aged about 41, who was injured when he fell from a Central Village car at Plainfield Thursday afternoon, Oct. 14. He had been at the hospital thirteen days while his head was cut by the fall it was thought that he would get along, but meningitis developed.

The man is not known hereabouts, although it was understood he had been working on the new weave shed at Taftville. He came from Boston and was an iron worker. Previous to the accident, it is claimed that Smith had been drinking and when he boarded the northbound Central Village car two weeks ago today at 5 o'clock in the afternoon he did not have the money to pay his fare, but a fellow passenger advanced the money. He attempted to get off at Plainfield, having the

assistance of a passenger, when he slipped and fell between the platform and the car, striking his head on a tie. He received a scalp wound from the fall, but did not appear to be seriously hurt and the car crew—Motorman Meyers and Conductor McDermott—left him at Plainfield, but when they returned from Central Village he lay on the platform and they placed him aboard the car and brought him here where he was taken to the Backus hospital.

At the hospital the deceased stated that he was from Boston, that being his last home, but so far as known he has no relatives. He was born at Cape Town, South Africa, the son of Oliver and Lina Smith of Holland. His body was covered with tattoo marks and it is believed he has been a follower of deceased efforts will be made to learn if he has any relatives living.

### STATE BOARD OF TRADE

MEETS AT NEW HAVEN.

Several Important Questions Stated for Discussion at This Session.

Arrangements have been completed for the twentieth annual meeting of the Connecticut State Board of Trade in New Haven Oct. 29. The meeting will be held in the rooms of the New Haven Chamber of Commerce, 763 Chapel street, near State street, at 10 o'clock. The session will be opened with a roll call, which will be followed by the appointment of a committee on credentials, the reports of the executive council and treasurer and the election of officers for the ensuing year.

The first subject on the calendar for consideration is "What is Your Local Board of Trade Doing for the Community?" This pertinent question will probably be productive of some interesting accounts of work now being done by the local boards, as some of the cities, through their boards of trade, have accomplished much in the way of promoting local interests.

What is the Best Method of Improving Our Public Highways to Meet the Demands of Modern Traffic? will, it is expected, be handled by a gentleman formerly connected with the New York highway commission.

Another topic of vital interest to the state of Connecticut and one which just now is given added prominence through the fact that the first prize at the big fruit show in Boston was won by the town of Chelsea, this state, is "What Are the Possibilities of Connecticut as a Fruit Growing State?" This subject will be opened by J. H. Hale, the well known proprietor of the extensive peach orchards in South Glastonbury.

The fourth topic is "Should a Direct Line of Steamers to South American Countries Be Subsidized by the United States Government?"

The meeting will be called to order promptly at 10 o'clock, so that sufficient time may be allowed for the full discussion of each question on the programme.

A buffet lunch will be served at noon. The indications are that there will be a large number of delegates in attendance at the meeting.

**RESERVOIR IS STEADILY LOSING ITS SUPPLY.**  
Water at Last Measurement Was 154 Inches Below Highwater Mark—Small Rainfall This Month.

With the exception of the slight rainfall on Wednesday evening, there has been but 1.32 inches of rain this month, so that the reservoir it naturally forced to depend upon the springs for most of the water this month, and the supply is naturally dropping. Last Saturday night the rainfall amounted to .27 of an inch, and on that day the last measurement was taken, showing that Fairview was then 154.2 inches below highwater mark.

### LOYAL TEMPERANCE LEGION

HEAR ENCOURAGING WORDS.

A. L. Herring and Others Speak on the Good of Their Work.

Company C, Loyal Temperance Legion, held an interesting meeting on Wednesday afternoon. The superintendent, Mrs. Fields, called the meeting to order and conducted the opening exercises, which the children took part in with a vim, singing and reciting their mottoes. The secretary, Irene Everett, gave a brief report of the last meeting. The children were pleased to listen to Arthur L. Herring in a very touching solo, and upon the motion of Roy Dean he was given a rising vote of thanks.

He also made some very interesting and instructive remarks which the children listened to attentively. During the talk he cited an experience with a brewer while traveling through Wisconsin, the brewer saying that "prohibition is killing the business and in ten years they will put us out of business."

He advised them to adhere to their instructions and in a few years slum work will be a thing of the past.

Mrs. Kennison was heartily welcomed and pleasure in meeting with them and in being able to assist in the near future.

Miss Cross also encouraged them to keep right on in all that is upright and pure, urging purity in both sexes. The superintendent seconded all the previous remarks and urged them all to be present at the election of officers. The meeting closed with the Mizpah benediction.

Miss Sybil Christman assisted greatly by accompanying on the piano. Five friends were present to cheer the children with their presence.
